

I want to thank the SBDC for they have been a great source of knowledge and assistance. When I first decided to open my business, I went to the SBDC and they helped guide me in the direction I needed to go. They showed me the steps I needed to take to open my doors and become successful. The SBDC has a great team of people who worked in collaboration to help give me and my business the tools needed to succeed. Without the SBDC, I could have still opened my doors and I may even have been successful, but I can say I wouldn't have done it as quickly or efficiently as I have. I know where I am and where I am going and I have the confidence that I would not have otherwise. For anyone who is thinking of starting a business or just trying to make their business run more efficiently, I would not hesitate to refer them to the SBDC.
